Tel: **07936295779**

- If you have COVID symptoms, contact the NHS to arrange to be tested at 0800 028 2816 or www.nhsinform.scot
- If someone who has attended your club activity develops symptoms of COVID, they should be directed to follow the Scottish Government's 'test and protect' guidelines, which can be read on the nhsinform.scot website.
- The club will take an accurate register of players attending each session, including contact details. This register will be held by the club's COVID Officer, or one of the club coach's for the duration of lockdown.
- Ensure all participants are aware of who their relevant COVID Officer is, should they have to pass on their details to a member of the NHS Scotland Test & Protect team..
- It is not the responsibility of the club to inform members if someone at the club has tested positive for COVID. This will be done by the NHS Scotland Test & Protect team. An individual's right to privacy must be observed.
- The football club will be expected to be able to pass on contact details of all attendees should they be asked by a member of the NHS Scotland Test & Protect team.
- Data protection guidance should be followed at all times and personal details not held for any longer than is necessary.
